

Anti-Fatigue Mat

Care for your staff by providing a comfortable working environment

Estimates suggest that standing in the same place for an extended period of time uses 20% more energy. Our durable rubber anti-fatigue mats will make standing easier, saving workers energy and helping them to remain productive.

By outsourcing your floorcare service you benefit from:

Provides Comfort for Staff

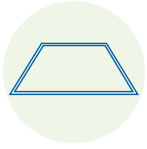

Anti-fatigue mats provide comfort for staff who are on their feet for an extended length of time during their working day, such as production line, bar and reception staff.

Improve Efficiency

Our range of anti-fatigue mats will help to reduce fatigue and increase concentration to improve efficiency.

Reliable, Hassle-Free Service

Your mats are maintained to the highest standards, with a 'lift and lay' service by Citron Hygiene Technicians.

Product Overview

Ergonomic Design

- ✓ Our anti-fatigue mats have patented rubber cushioning technology, which has been approved by the American Podiatric Medical Association (APMA)
 - ✓ Water resistant, resilient to impact, and easily cleaned through standard industrial laundry processes
 - ✓ Excellent stability and slip resistance
- (Note: these mats are not a form of dust mat)

Increase Staff Productivity

Standing on hard surfaced floors can have a number of negative effects including lower back pain, muscle stiffness and restricted blood circulation. Staff who stand up whilst working are more susceptible to fatigue and this reduces their productivity.
