

Essentia

Safe, Hygienic, Smart

An innovative, touchless, discreet sanitary hygiene disposal system designed to reduce cross-infection risks from blood-borne pathogens and provide a hygienic and pleasant washroom experience.

By outsourcing your sanitary hygiene disposal you benefit from:

Cost Savings

Fewer plumbing issues from sanitary products being flushed down the toilet.

A Healthy Environment

Touch-free disposal keeps employees and visitors safe from blood borne pathogens.

Reliable, Hassle-Free Service

Our liner replacement service includes expert waste removal and on-site disinfection.

Product Overview

Attractive and Functional Design

- ✓ Foot pedal and infrared sensor options available, both providing hygienic, touch-free operation
- ✓ Patented bi-sided cover – the unit can be placed on either side of the cubical
- ✓ Narrow for ease of placement on floor

Innovative and Hygienic

- ✓ Innovative, hygienic membrane prevents soiling of modesty tray
- ✓ Units are suitable for all washrooms (male, female, gender-neutral) and can be used for male incontinence products (not nappies)
- ✓ E-card effective against all enveloped viruses including SARSCoV- 2 (COVID-19) Hep B, Hep C, Herpesviridae and HIV, proven to last at least 6 weeks
