

Inclusiv

Convenient, Hygienic, Accessible

Ensure each washroom user has a safe, discreet and hygienic option to dispose of sanitary products.

By outsourcing your sanitary hygiene disposal you benefit from:

Cost Savings

Fewer plumbing issues from sanitary products being flushed down the toilet.

A Healthy Environment

Touch-free disposal keeps employees and visitors safe from blood borne pathogens.

Reliable, Hassle-Free Service

Our liner replacement service includes expert waste removal and on-site disinfection.

Product Overview

Attractive and Functional Design

- ✓ Reduced noise of closing mechanism - slow/silent flap closing for discreet use
- ✓ Smaller flap to discourage unsuitable waste
- ✓ Disposable protective lid insert, replaced at regular service intervals to keep your unit fresh and hygienic, inside and out
- ✓ Patented bi-sided cover – the unit can be placed on either side of the cubical
- ✓ Side latches for easy opening of cover enable fast replacement of unit liners

Innovative and Hygienic

- ✓ Units are suitable for all washrooms (male, female, gender-neutral) and can be used for male incontinence products (not nappies)
- ✓ Auto units use new frequency technology to extend battery life whilst improving operation effectiveness: 90,000 actuations of new unit vs. 54,000 of the previous unit
- ✓ E-card effective against all enveloped viruses including SARSCoV- 2 (COVID-19) Hep B, Hep C, Herpesviridae and HIV, proven to last at least 6 weeks
