FabLittleBag
Hygienic, eco-friendly, sustainably sourced disposal bags for tampons and pads

FabLittleBags allow individuals to hygienically transfer used tampons and pads to a sanitary disposal bin without fear of contamination, mess and with confidence.

When FabLittleBags are used in conjunction with a sanitary disposal bin, you are helping to protect the personal hygiene of individuals, the sanitary bin from unsightly contamination, as well as protecting the environment by stopping sanitary waste being flushed and ending up in our oceans.

Key Features and Benefits

- **Biodegradable**
- **Prevents blockages** – promotes binning, not flushing, saving you money on blocked pipes and blockages as well as reputational damage.
- **Protect Individuals Personal Hygiene** – FabLittleBag opens one handed and seals closed, protecting hands from used items on the way in, and sealing away the items inside.
- **Environmentally conscious** – demonstrates a feel good disposal method encouraging binning which helps stops aquatic pollution and fatbergs caused by flushing.
- **Prevents odours** - it seals closed locking in all the odour, reducing mess and embarrassment, ensuring a much better experience for customers, not to mention fewer call-outs and complaints.
