

## Actiflow Cartridge

### *Prevent odours and save water*

The Actiflow Cartridge blocks odours from escaping urinal drains while breaking down odour-causing bacteria and scale from uric salts. Avoid unnecessary flushing and save up to 90% on your water usage.

## Why outsource urinal care?

### **Prevent Odours and Scale**

35 billion bacteria prevent scaling from uric acid, which can lead to unpleasant odours and costly blockages.

### **Save Water**

Reduce the need for flushing by trapping odours in the drain pipe and stopping them at the source.

### **Make a Positive Impression**

Ensure your washroom users have a good experience and a positive association with your business.

## Product Overview

### Key Features and Benefits

- ✓ 35 billion friendly bacteria housed within the cartridge work to breakdown uric salts and kill odour causing bacteria
- ✓ The unique odour lock system prevents bad odours rising up from the pipework
- ✓ Provides a pleasant 'minty' fragrance
- ✓ Made from 100% biodegradable plastic and awarded the Waterwise Marque

### Cost-Effective

- ✓ The Actiflow Cartridge is compatible with the EcoClean treatment system and the Intelligent Water Management System to treat odours and scale, and program flushing times
- ✓ Substantial cost savings can be achieved through lower maintenance costs and reduced water bills
- ✓ Quick and easy installation by Citron Engineers and serviced quarterly by Citron Hygiene Technicians

## Options & Specifications

**Dimensions:** 90.1mm x 60mm (H x W)  
**Colour:** White or chrome

## Let us do the dirty work so you don't have to

Citron Hygiene Technicians maintain each system on a pre-determined schedule.
