

## Infant Care Seat

### *Safe infant changing facilities*

The infant care seat offers a safe and secure place for young children to be seated whilst adults use the washroom or changing room facilities. When the seat is not in use it can be folded up to maximise space efficiency in washrooms.

## Why offer the infant care seat in your washroom?

### **Infant Safety**

All surfaces used are shaped to be smooth and feature rounded edges to protect infant from harm. The seat also features safety straps, so that babies can be fastened into the seat securely.

### **High Hygiene Standards**

Sealed hinges and no seams help to reduce the build-up of potentially harmful bacteria to maintain the highest possible hygiene standards and minimise the risk of cross contamination.

### **Meets Requirements**

Our infant seat meets all the requirements of BS EN12221-1;2008 ensuring that your washroom will provide a caring, considerate and most importantly safe washroom environment for parents and infants.

## Product Overview
