

## Infant Care Changing Table

### *Safe infant changing facilities*

Our baby changing table provides parents with the ideal solution for nappy changing. Designed to conform to the latest legislation, our table provides a safe, hygienic and comfortable location for babies.

## Why offer the infant care changing table in your washroom?

### **Infant Safety**

All surfaces used are shaped to be smooth and feature rounded edges to protect infant from harm. The tables also features tamper proof safety straps, so that babies can be fastened securely.

### **High Hygiene Standards**

Sealed hinges and no seams help to reduce the build-up of potentially harmful bacteria to maintain the highest possible hygiene standards and minimise the risk of cross contamination.

### **Meets Requirements**

Our infant changing tables meet all the requirements of BS EN12221-1;2008 ensuring that your washroom will provide a caring, considerate and safe washroom environment for parents and infants.
