

## EcoClean

### *Targets the Cause of Odour and Scaling*

Most urinal and toilet systems simply mask odours with fragrance. The EcoClean maintenance system targets the real problem, which is scale build-up.

## Why outsource urinal and toilet care?

### **Prevent Odours**

Urinals and toilets are a major contributor to washroom odours. Ensure a pleasant user experience by breaking down odour-causing compounds.

### **Protect Fixtures**

Scale build-up can cause staining on fixtures, costly plumbing repairs, and allows odour-causing and infectious bacteria to flourish.

### **Reliable, Hassle-Free Service**

Our expert technicians ensure that your washroom fixtures are cared for, with on-time, reliable refill services.

### Product Overview

#### An Innovative, Biologically Based Solution

- ✓ Reduces and prevents unsightly scale and stains from forming in the bowl
- ✓ Actively attacks hard water, mineral deposits, and uric salts
- ✓ Rapidly and continuously kills bacteria in the toilet and urinal, preventing bad odours and the spread of germs

#### Advanced Dispensing Technology

- ✓ Improves the cleaning effect of each flush and freshens the flush water by killing the odour causing bacteria
- ✓ Remains in the bowl and is active between flushes
- ✓ The EcoClean is compatible with the Actiflow cartridge and the Intelligent Water Management System

### Options & Specifications

- Dimensions:** 203mm x 108mm x 81mm (H x W x D)  
**Fragrance Options:** 4 distinct scents / fragrance free  
**Power:** 2D batteries, included  
**Colour:** White or chrome  
**Installation:** Wall-mounted above toilet/urinal

### Let us do the dirty work so you don't have to

Citron Hygiene Technicians maintain each system on a pre-determined schedule.
