

P-Screen Urinal Screen

Clean, Effective, Reliably Serviced

P-Screen is the world's first triple action urinal screen, offering 60 days splash back protection with a dual fragrance & enzyme protection.

Why use a triple action urinal screen?

Protection Against Infection

Eliminates cross-contamination from E. Coli, Klebsiella, and Staph commonly found in public urinals.

Cleaner Appearance

Prevents urine splashback that can contribute to deterioration of floors and surrounding areas. Effective with both flushing and waterless urinals.

Lasting Benefit

The active central core is not only designed to reduce bacteria, but also provides a secondary fragrance for urinal areas.

Product Overview

Save Plumbing & Manage Odours

- ✓ The deep bubble & bristle design is made for optimum splash back protection, to enhance the user experience
- ✓ Helps to prevent blockages in urinals & uric salt build up in pipes
- ✓ Triple Action Technology ensures that naturally occurring bacteria which produce enzymes to degrade organic matter, eliminates bad smells. This also reduces organic scale build-up by ensuring that uric salt is made more soluble, broken down and therefore made easier to flush away.

Create a Healthy Environment

Protects cleaning operatives and washroom users from infections spread by urine, like E.Coli, Klebsiella and Staph, by keeping the area around the urinal clean.

Can be used effectively in waterless urinals.

Specifications

Material:	Flexible EVA
Fragrances:	Citrus Mango, Linen Breeze, Marine Musk, Ice Cool
Sustainability:	Recyclable
Quantity:	6 screens / case
